

Team Involvement in Demonstration

Date	4 July 2026
Team ID	XXXXXX
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	KOTTE HEMANTH KUMAR REDDY	Team Leader & Project Coordinator	Introduction & Problem Statement	Explained the project objectives, motivation, problem statement, and overall workflow of the Emotion Detection & Learning Support Engine.	Active
2	KOTTE HEMANTH KUMAR REDDY	AI/ML Developer	Solution Architecture & AI Models	Presented the system architecture, BiLSTM model, BERT model, emotion detection pipeline, and mixed emotion prediction process.	Active
3	KOTTE HEMANTH KUMAR REDDY	Backend & Integration Developer	AI Guidance Engine & Backend	Demonstrated Google Gemini AI integration, response generation, session history management, CSV logging, and backend workflow.	Active

4	KOTTE HEMANTH KUMAR REDDY	Frontend Developer	Streamlit Application Demonstration	Demonstrated the Streamlit user interface, emotion prediction, model comparison, analytics dashboard, and user interaction.	Active
5	KOTTE HEMANTH KUMAR REDDY	Documentation & Deployment Lead	Deployment, Documentation & Future Scope	Presented the project folder structure, GitHub repository, documentation, project results, and future enhancements.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	KOTTE HEMANTH KUMAR REDDY
Overall Team Coordination Rating (1–5)	5 / 5
Any Issues During Demonstration	Initial model loading required additional time due to AI model initialization and dependency verification.
How Issues Were Resolved	Verified model directories, restarted the Streamlit application, confirmed Gemini API connectivity, and successfully continued the demonstration without affecting functionality.
